Dear DLA Parent(s)/Guardian(s):

It is a proven fact that kids who have healthy eating patterns are more likely to perform better academically. At DLA, we take the health and wellness of our students very seriously as it directly affects their academic performance. **Effective immediately, we are no longer allowing outside snacks to be brought in. This includes but is not limited to birthday celebratory snacks, holiday snacks, and “just because” treats.**

We know you have good intentions when you go out to purchase these snacks, so thank you! However, there are many students with severe food allergies and parents who need to be notified when students are being served food provided by outside sources. Not to mention, it is a severe distraction to students when food is delivered to their classroom unexpectedly.

Please keep in mind that students are provided breakfast, lunch and a healthy afternoon snack every day, and we would like students to eat the food provided to us.

Thank you for your cooperation and your continuous support of DLA.

Sincerely,

Dr. Theodore J. Wallace, Executive Director
